# Phetorical Exercises.

The school is separated into three sections, and each section under a separate teacher spends 45 minutes of each day after chapel service, in impromptu composition, and other rhetorical exercises, besides the usual compositions once in two weeks.

Daily exercise is kept up either in walking, or with Dr. Dio Lewis' gymnastics.

Books and Stationery will be furnished for cash at Cincinnati prices.

#### Location.

The Institute is in the centre of the State, in one of the most beautiful and healthful regions of the West. The country is beautifully diversified with hill and valley. The town is in a valley surrounded by hills, presenting one of the loveliest pictures in nature.

Denison University, being located here, has given a literary cast to society, which cannot fail to inspire ambition for excellence in scholarship, especialy as the pupils are brought into competition with students of the other sex pursuing the same studies, and using the same text-books.

Granville is in Licking County, 3½ miles from Union Station, on the Central Ohio Railroad, and six miles from Newark, from each of which places hacks run to Granville on the arrival of the trains.

#### Aims.

It is the decided purpose of the Faculty to make good scholars and practical women. We hope to avoid the errors to which female schools are liable, (or rather, perhaps, with which they are charged) of making drawing-room ornaments merely.

We shall endeavor to cultivate the graces of behavior through the affections. We shall insist on thorough preparation for every lesson, strict observance of the hours of study, promptness at recitations and at chapel, and regular attendance at church (the church chosen by parents or guardians.)

#### Buildings.

The buildings are sufficient to accommodate the teachers and about fifty boarding pupils, with all necessary recitation rooms, library, apparatus. music and painting rooms. They are surrounded by ample and beautiful grounds, and furnish a delightful home for the inmates of the school. A large addition is to be made to the buildings this summer.

#### Library.

A library has already been established, to which accessions are constantly made. By an arrangement with the Board of the University, the pupils of the Institute can draw from that ample collection.

#### Apparatus.

The Institute is provided with apparatus for illustrating the most im portant facts in Natural Science, and new articles will be added to meet the necessities of the classes.

#### Literary Societies.

There are two flourishing Societies, the Euterpean and Philomathean, meeting Friday evening each week, which are doing much to stimulate and cultivate a literary spirit.

#### Admission.

Pupils will be received at any time, and assigned places in classes for which they are prepared. It is, however, very desirable that they should enter at the beginning of a term, and continue to the end. No deduction from bills will be made for a few days' absence at the beginning or end of a term. A few days' board and tuition are not to be compared with the derangements of classes or unsuccessful pursuit of studies, under the disadvantage of having passed superficially over elementary principles.

#### Diplomas.

Will be awarded to such as have completed the regular course, and also to such as complete the English course, each indicating the course, pursued. Certificates will be given to such as pursue an electic course, indicating the studies completed.

Graduates will be required to have a standing of at least eighty per cent. in the studies of the courses, and good moral character,

#### General Regulations.

- 1. No one will be received, except by special arrangement, at the time of entering, for less than a *term*, or the remainder of the term in which she enters, and no deduction will be made for absence, except from protracted sickness.
- 2. Each young lady should bring an umbrella, a pair of thick-soled shoes, or overshoes, napkins, towels, sheets and pillow cases. All articles should be distinctly and indelibly marked.
- 3. It is very desirable that pupils should be provided with all needful clothing for the term, to prevent interruption of study in providing them.

- 4. Occupants of rooms will be held responsible for injury done to rooms and furniture.
- 5. Parents are requested to insist on frugality in expenses in their daughters and wards. Nuts, candies, raisins, sweetmeats, &c., are liable to occasion serious interruptions in study. Simplicity in dress is also very desirable for many reasons. The teachers and pupils board at the same table, where there will always be ample supplies of wholesome food.
- 6. Liberal deductions will be made in the bills of the daughters of pastors, and persons of limited means, according to circumstances.

#### Terms and Vacations.

The year is divided into three terms:

The first (twelve weeks) beginning September 8th, 1864, followed by a vacation of one week.

The second beginning December 8th, 1864, (fourteen weeks), followed by a vacation of one week.

The third beginning Thursday, March 22d, 1865, (fourteen weeks), ending June 28th, 1865, followed by a vacation of ten weeks.
